We need your assistance and advocacy in getting the word to the House Select Committee on Disaster Recovery managed by Ryan Joseph Bourriaque a State Representative, Republican for District 47. We you have time would you call, email or both for us in LA. Group Advocacy Request Disaster Recovery.

We have a very quiet almost unknown House Select Committee on Disaster Recovery managed by Ryan Joseph Bourriaque a State Representative, Republican for District 47.

I need to discuss with him your issues related to state policy and procedures and HUD policy and national objectives.

I need your voices to get me in front of the state representative that holds the only seat related to disaster

recovery. He has the authority to create a task force sub-committee and oversight committee which could be beneficial to those still struggling with the Restore Program.

You can help by emailing and calling State Rep. Ryan Bourriague. I have provided the email addresses and your script which can also be your phone script as well.
