Assuming Dynamic Construction is not handling any HUD funds, their insurance coverage matches the contract requirements EXCEPT we need to get proof of coverage for Bonding/Builder's Risk, which, I assume, is required because they are doing construction. If this is not the case, or if Dan has a different interpretation of the requirement for Bonding/Builder's Risk, let me know.

In order to add a firm as a Tier I subcontractor, I will also need their DUNS# and your approval, in addition to their insurance coverage. I will check their status as a Louisiana register company. Dynamic is registered properly.

Bonnie can you review and ensure the insurance requirement meets contract so I can approve. Is there anything else we need to add to our files when IEM wishes to remove or add companies to the Tier 1 list required in the contract or from OSP?

Thanks,

Jeff Haley
